Declaration on conflict minerals

We declare that we do not directly purchase tin, tantalum, tungsten or gold (3TG), or their ores, as raw materials.
We are therefore not a Union importer within the meaning of Regulation (EU) 2017/821, and the obligations of this Regulation do not apply to us.

3TG may be contained in components we purchase, such as capacitors, connectors and printed circuit boards.
We expect our suppliers to source these materials responsibly, in line with the OECD Due Diligence Guidance for Responsible Supply Chains of Minerals from Conflict-Affected and High-Risk Areas.
